### WHAT IS GUAM SAFE CERTIFIED?

Guam Safe Certified is the official local designation, which identifies establishments that are in compliance and have care and pride in following government health and safety guidelines.

### WHAT IS THE WTTC SAFE TRAVELS STAMP?

The World Travel & Tourism Council (WTTC) created the first ever global safety and hygiene stamp. This stamp enables travelers to recognize destinations around the world that have adopted standardized health and hygiene protocols.

*Guam Visitors Bureau (GVB) serves as the official organization to advocate for the implementation of these protocols in Guam and to issue the Guam Safe certification and Safe Travels stamp to local businesses.*

## Benefits

- Guam Safe Certified is a branding initiative that endorses your business' health and safety practices at the local level and encourages island pride!
- The Safe Travels initiative is globally recognized & instills a level of confidence in both the tourism trade and international visitors.
- Both initiatives help to rebuild trust among tourists and within the tourism sector.
- Logos can be used on websites, emails, and digital channels can generate business materials, videos, social media campaigns.
- **FREE** of charge to all eligible businesses.

# GUÅHAN TROLLEY SERVICE

# HÅFA SHOPPERS VISITOR PROGRAM

As we work to recover our tourism industry together, the Guam Visitors Bureau is developing a "Håfa Shoppers" visitor spending incentive program to help boost our island economy.

GVB is conducting a survey to see how many vendors would like to participate in this program.

If interested, please register by **August 27, 2021**. Click this link: [Google form link](#).

For more information, contact:  
Brian Borja, Marketing Manager – Air Service  
Development at [brian.borja@visitguam.org](mailto:brian.borja@visitguam.org) or 648-1498.

*Håfa Adai!*

As our island continues to recover, the Guam Visitors Bureau (GVB) is planning a visitor spending incentive program to help invigorate our economy by increasing on-island visitor spend. This program will provide a spending incentive for visitors to redeem at participating vendors. At this time, GVB is conducting a survey to obtain an official count of how many vendors would like to participate in this program. Participation requires the purchase and use of credit card terminals, which requires stable ethernet cable connection.

### Håfa Shoppers Campaign

Guam visitors will be provided with a spending incentive in the form of a credit card. Cards will be redeemable at participating vendors using official terminals. These terminals require the connectivity of an ethernet cable.

### Cost

**\$330 per unit**  
**2.9% transaction fee**

[REGISTER HERE](#)

**PLEASE REPLY BY WEDNESDAY, AUGUST 27, 2021.**

### Program Benefits

- Promotional exposure through campaign advertising
- Potential increased foot traffic to your business
- Potential increase in sales per transaction

For questions or other inquiries, please contact Brian Borja via email to [brian.borja@visitguam.com](mailto:brian.borja@visitguam.com) or (671) 648-1498.

## FROM OUR PRESIDENT & CEO, CARL T.C. GUTIERREZ

### CELEBRATING JIMMY DEE, AN ISLAND TREASURE

Håfa Adai! Jimmy Dee has been entertaining us with his easygoing island-style music for over 60 years. He has become a mainstay of Guam's music scene, evolving from that teenager with a velvety voice to the entertainment icon he is today.

Who can forget his hit song, "On the Island of Guam", or his bouncing adaptation of "Agat Town boy" Johnny Sablan's famous "Håfa Adai" hit, which Jimmy also sings? Then there's Jimmy's gentle rendition of "Baby Blue", plus the indelible strains of his arrangement of the traditional "I Puti'on (Star)"!

Jimmy infused CHamoru music and culture with Vegas-style flair in a way that elevated local entertainment like none other. He and his dancing Chamorritas became a brand unto themselves, and have filled our imaginations with a montage of unforgettable memories and a soundtrack of soft country tunes contributing to the popular culture of Destination Guam USA.

*In addition to GVB President & CEO, former Governor Carl T.C. Gutierrez is the permit czar and chairman of the Governor's Economic Strategy Council.*

# GUAM ENTRY PROTOCOLS

All incoming travelers into Guam are subject to a ten (10) day quarantine. Travelers arriving into the United States from any foreign country are subject to the Centers for Disease Control and Prevention (CDC) requirement of obtaining a negative pre-departure COVID-19 test result or documentation of recovery from COVID-19, and are still required to undergo quarantine based on their traveler status as defined in DPHSS Guidance Memo 2020-11 Rev. 13 and, are subject to exemptions as in this guidance memo. Further guidance for travelers who may be eligible for exemption from quarantine is as stated:

## ■ PRE-ARRIVAL NEGATIVE COVID-19 RT-PCR TEST

- Passengers who present a negative COVID-19 RT-PCR test may be exempt from quarantine. Passengers seeking exemption from quarantine under this section must present the following at the port of entry upon arrival:
  - Photo identification (e.g., passport, driver's license, state-issued identification);
  - Valid negative COVID-19 RT-PCR test result collected within 72 hours prior to arrival into Guam.

RT-PCR tests detect SARS-CoV-2 genetic material. These tests identify individuals who are currently infected with SARS-CoV-2. Test results must include patient name, date of birth, specimen collection date, and the type of COVID-19 test performed.

## OTHER PRE-ARRIVAL NEGATIVE COVID-19 VIRAL TEST

- Passengers who do not qualify for exemption from quarantine (i.e. no pre-arrival negative COVID-19 RT-PCR Test or not fully vaccinated) may qualify for quarantine at a rental lodging or personal residence. In order to qualify, passengers must present the following at the airport upon arrival:
  - Photo identification (e.g., passport, driver's license, state-issued identification); AND,
  - Valid negative COVID-19 viral (non-RT-PCR) test result collected within 72 hours prior to arrival into Guam.

Other viral tests, such as LAMP tests or antigen tests, also detect SARS-CoV-2 genetic material or specific proteins on the surface of the SARS-CoV-2 virus. These tests also help to identify whether individuals are currently infected with SARS-CoV-2. Test results must include patient name, date of birth, specimen collection date, and the type of COVID-19 test performed.

DPHSS Guidance Memo 2020-11 Rev. 13 contains arrival protocols, including, but not limited to guidance for travelers with prior COVID-19 infections, arrivals from areas with no (active) cases or imported/sporadic cases, emergency or hardship-related travel to Guam and critical service worker requests. ## PHILIPPINES ENTRY MEASURES

### NEW PUBLIC ADVISORY REGARDING VISA ISSUANCES 02 August 2021

The Philippine Consulate General in Agana issues the following guidelines to travelers (US passport holders and those with visa-free privileges) to the Philippines effective 01 August 2021:

1. The Consulate may now issue 9(a) temporary visitor visas (single-entry, and valid for use within 90 days) to foreign spouse, parent/s and or children of **Filipino citizens WITHOUT NEED FOR THE ENTRY EXEMPTION DOCUMENT (EED)**, which was previously required. All visas issued for this purpose will have a notation, "EED not required per IATF Resolution No.: 128 (s. 2021)".
2. For general clarity, foreign spouse, parent/s and/or children of Filipino citizens shall refer to the following:
  - Foreign spouses of Filipino nationals, with proof of marriage (Marriage Certificate);
  - Foreign minor (below 18 years of age) children, and foreign children with special needs regardless of age, of Filipino nationals; and
  - Foreign parents of minor Filipino children, and foreign parents of Filipino children with special needs regardless of age.
3. If foreign nationals wish to travel on previously issued (issued before 1 August 2021) but still valid 9(a) visas, that do not contain the new notation, the traveler must still present the Letter to the Bureau of Immigration (LBI) issued by the Department of Foreign Affairs-Manila upon arrival in the country; Alternatively, the same foreign nationals may instead apply for new 9(a) visa to avail themselves of the new privilege (Rule 1).

In the meantime, the following rules shall remain in effect:

4. Mandatory 14-day quarantine for all arriving travelers.

The first 10 days shall be observed in a quarantine facility; with the remainder to be completed either in the hotel quarantine facility or under home quarantine in their respective local government units of destination.

5. Reverse Transcription Polymerase Chain Reaction (RT-PCR) Test

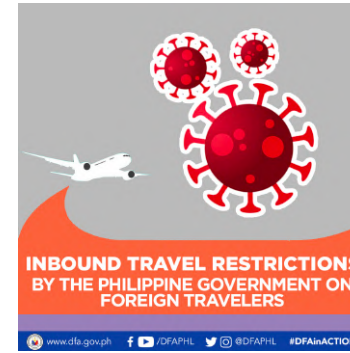

A test will be done on the seventh day (with Day 1 being the day of arrival). In case of a negative test result, the arriving traveler shall complete the facility-based quarantine period totaling 10 days.

6. US Citizens/Other Citizens traveling under the Medical Referral System (MRS)

The Medical Referral System provider on Guam will handle submission of required documents of patients travelling to the Philippines. A Visa and Entry Exemption Document will be issued by the Consulate to the applicant, through the MRS provider, upon receipt of

the same from the Department of Foreign Affairs-Manila. Further, a quarantine exemption document to be issued by the Philippine Bureau of Quarantine, if needed and applicable, will be handled by the MRS provider.

7. US Citizens/Other Citizens requiring Medical Services but not under the MRS (Personal Filing)

Please secure the full list of documentary requirements from the Consulate by sending an email indicating full name and number to [pcqagana@gmail.com](mailto:pcqagana@gmail.com).

The request for entry exemption and 9a visa may be referred to the designated email address of the Department of Health-Manila.

For questions regarding US Citizens Travelling to the Philippines with valid Special Investor's Resident Visa (SIRV) and Special Resident Retiree's Visa (SRRV), and/or 9(g) and 47(a)(2) visas, please send questions and clarifications to the Consulate through email address [pcqagana@gmail.com](mailto:pcqagana@gmail.com).

### VACCINATION STATUS TOTAL POPULATION, 127 MILLION

### SENIOR CITIZEN 65 YEARS-OLD AND ABOVE, 36 MILLION

## VACCINATION CERTIFICATE

*Vaccination certificates can now be issued for entry into overseas destinations.  
The application for the issuance of this vaccination certificate will be accepted from July 26, 2021.*

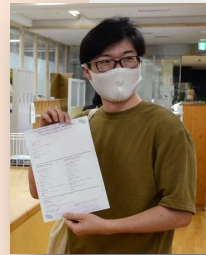

### DOCUMENTS TO APPLY FOR CERTIFICATE

- Application form
- Passport
- Vaccination ticket
- Proof of vaccination (vaccination record)

The application form can be downloaded from the official website of each local ward.

### VACCINATION CERTIFICATE SHOWS THE FOLLOWING ITEMS.

- Passport information
- Type of vaccine and manufacturer
- Vaccine product name
- Vaccine serial number
- Date of vaccination
- Country of vaccinated
- Others
- Both Japanese and English will be printed.

### COUNTRIES WHERE VACCINATION CERTIFICATES ISSUED IN JAPAN CAN BE USED:

1. Austria
2. Belize
3. Bulgaria
4. Germany
5. Honduras
6. Hong Kong
7. Papua New Guinea
8. Italy
9. Lithuania
10. Poland
11. Slovakia
12. Sri Lanka
13. Saint Kitts and Nevis
14. Saint Vincent and the Grenadines
15. Thailand (Phuket, Koh Samui, Phangan, Ko Tao islands only)
16. Turkey

### CHALLENGES:

- There is no prospect that Japanese vaccination certificates can be used in U.S. and China at present.
- No change in the situation where travelers are subject to 14 weeks of quarantine upon arrival.

少なからず海外でワクチン接種をされた方がいらっしゃるかと思います。グアムのAirbnbならぬAir V&Vもメディアカルツーリズムとして成功していますが海外でワクチン接種をした場合、日本のワクチン接種証明書の発行はできないということでした。

グアムでワクチン接種はいかが？…観光客を呼び込む「Air V&V」

7/15(木) 11:10 配信

グアムの「ワクチン観光」は、自国での新型コロナウイルスのワクチン接種に待たされた観光客を呼び込むためのものだ。

グアムでは、今後2カ月の間に台湾から2000人以上の観光客を見込んでいる。

台湾では新型コロナウイルスのワクチンが不足しているため、接種が遅れている。

新型コロナウイルスの予防接種が順調に行われているグアム島は、観光客を誘致するために「Air V&V」という予防接種と休暇を組み合わせたプログラムを開始した。

人口2350万人の台湾ではワクチンが大幅に不足しているため、接種が遅っており、このパッケージは台湾の観光客にも好評だという。

グアム政府観光局によると、西太平洋に浮かぶアメリカ領の島、グアムは、2021年7月6日に最初の台湾人観光客が153人やってきたという。2021年7月と8月の2カ月で、さらに約2000人の台湾人観光客が見込んでいるという。

このプログラムでは、観光客は7日間はホテルに隔離され、そこで新型コロナウイルスの検査を受け、ワクチンの接種が可能かどうかを確認する。その後、12歳以上の旅行者は、モデルナ (Moderna) 社、ファイザー (Pfizer) 社、ジョンソン・エンド・ジョンソン (Johnson & Johnson) 社のワクチンの中から好きなものを選ぶことができる。

グアムへ行く際には、島へのフライトに搭乗する前に、新型コロナウイルス検査の陰性証明書が提示することが義務付けられている。

このパッケージには、予防接種のデジタル記録、健康状態のモニタリング、自国を出国する前の新型コロナウイルス検査、デュスタニグアムリゾート (Dusit Thani Guam Resort)、グランドプラザホテル (Grand Plaza Hotel)、ハイアットリージェンシーグアム (Hyatt Regency Guam) などの参加ホテルへの送迎が含まれている。

航空券とホテルがセットになったパッケージは、約1400ドル (約15万4000円) からだが、コロナウイルスの検査やワクチン接種には300ドル (約3万3000円) から400ドル (約4万4000円) の追加料金がかかる。

グアム政府観光局、マリンツアーオペレーター認証プログラムを開始、サンゴ礁の保全などを学習

グアム政府観光局(GVB)は、オンラインによるマリンツアーオペレーター(MTO)認定プログラムを開始する。このプログラムは、1997年に設立されたGVBのツアーガイド認定コースの延長線として無料で提供される。GVBはBSP(Bureau of Statistics and Plans:統計計画局)と提携してカリキュラムを開発し、1年をかけてMTOプログラムを立ち上げた。

グアムのツアーオペレーターの育成を目的として、コースのカリキュラムには職業基準、海洋生物情報、安全指導、サンゴ礁の保全などマリンツーリズムのための教育内容などが含まれる。

コースを修了すると、参加者はGVB公認のマリンツアーオペレーターに向けた試験を受けることが可能になり、これに合格すると、正式な修了証とマリンツアーオペレーターバッジの資格を得ることがができる。

## MOST PEOPLE PREFER CASH PAYMENTS TO STIMULUS VOUCHERS: SURVEY

The vast majority of respondents in a recent survey conducted by the Consumers' Foundation said they would prefer to receive a cash payment rather than stimulus vouchers, as the Executive Yuan finalizes plans to issue vouchers to boost private consumption.

A total of 47.7 percent of respondents said they support the issuance of the proposed stimulus vouchers valued at NT\$5,000 (US\$180), compared with 47.6 percent who opposed the policy. However, 90.2 percent of voucher supporters still said they would prefer to receive cash, according to the online survey.

Indeed, only 9.8 percent of voucher supporters said they would choose vouchers over cash given a choice, the survey showed. Many said the government should focus on those facing immediate hardship before taking action to revive the domestic economy with carefully planned stimulus measures, he pointed out.

## TAIWAN RECEIVES SECOND BATCH OF MODERNA VACCINE IN AUGUST

- A total of 249,600 doses of the Moderna COVID-19 vaccine were delivered to Taiwan Sunday, the second batch the country received from the manufacturer in August.
- The latest batch of vaccine doses arrived from Luxembourg on a China Airlines cargo plane, which landed at Taiwan Taoyuan International Airport at 4:10 p.m.
- It was the second batch Taiwan has received from Moderna in August, after the delivery of 99,600 doses on Aug. 8, both part of an order placed by Taiwan for 5.05 million doses.
- As of Sunday, Taiwan has received a total of 1,499,200 doses from Moderna, along with 2.5 million Moderna doses donated by the United States in June.

- Taiwan plans to begin administering 600,000 doses developed and produced locally by Medigen Vaccine Biologics Corp., starting Aug. 23.
- The government has signed deals with two local vaccine developers -- Medigen and United Biomedical Inc. Asia -- which will each supply 5 million doses of their product.
- Taiwan is also expecting the delivery of 15 million doses of the Pfizer-BioNTech vaccine donated by three local entities -- Taiwan Semiconductor Manufacturing Co., Buddhist group Tzu Chi Foundation, and the YongLin Charity and Education Foundation of Hon Hai Precision Industry Co.

## HOUSEHOLD INCOME INEQUALITY WIDENS

- Household income inequality in Taiwan widened in 2020 amid the COVID-19 pandemic which started to hit the global economy earlier that year, according to the Directorate General of Budget, Accounting and Statistics (DGBAS).
- Data compiled by the DGBAS showed that the average disposable income among the top 20 percent of households in the country stood at NT\$2.176 million (US\$78,273) in 2020, up 1.8 percent from a year earlier, while the average for the bottom 20 percent was NT\$355,000, up 1.4 percent from year earlier.
- The household income difference was the largest in eight years, according to the DGBAS.
- The double-digit increase in household savings largely reflected a fall in leisure spending at a time when border controls prompted people to not take overseas trips and simply pocket the money, the DGBAS said.

- The average for the top 20 percent of household was 6.13 times that of the bottom 20 percent in 2020, widening from 6.1 times seen a year earlier, the data showed.

## TAIWAN DRAFTING RULES TO RECOGNIZE OVERSEAS COVID VACCINATION RECORDS

- Taiwan's government is drafting a protocol on the recognition of COVID-19 vaccination records from abroad, Health Minister Chen Shih-chung (陳時中) said Saturday.
- Currently, if people who received their COVID-19 vaccine abroad are asked for records to prove they are fully vaccinated, they can use the certificate issued to them in the country where they were vaccinated, Chen said during a press briefing in Taipei.
- This is because there are no bilateral agreements on recognition of COVID-19 vaccination records at the moment, the minister said.
- However, the planned protocol will only recognize vaccination records where people received a COVID-19 vaccine that has obtained an emergency use authorization (EUA) from Taiwan's Food and Drug Administration (FDA) and acquired a certificate for inoculation undertaken abroad, he added.
- Taiwan tightened its border controls in mid-May due to a local COVID-19 outbreak, and the majority of people entering the country have to undergo mandated quarantine and take tests for the disease, regardless of their vaccination status.
- Even travelers returning from Palau under the travel bubble program are required to observe five days of "enhanced" self-health management, during which time they are advised to avoid contact with other people.

# PHILIPPINES COVID-19 NEWS

GVB recently received fantastic feedback from Mr. Steve Desist who participated in the Air V&V program with his wife, Cora. He gave wonderful remarks about their entire experience.

*“It was truly one-of-a-kind ‘vacation with a purpose’ and great news during this time when travelers are looking for alternatives to get vaccinated with their choice of COVID-19 vaccine and have a chance to relax and unwind.”*

*“The most incredible welcome surprise wiped away our exhaustion from the flight when later in the morning we were greeted by the most spectacular rainbow and a double rainbow! For us, this was an incredible sign that we had arrived in a spiritual place that for the first time in almost twenty (20) months of quarantines and lockdowns in our county of residence, we have now found peace, relief and a safe place to take care of our health.”*

## LATEST PFIZER DELIVERY FOR AREAS WITH HIGH COVID-19 CASES

The bulk of government-procured Pfizer vaccine that recently arrived is intended for distribution to areas with high coronavirus cases.

A total of 813,150 doses arrived in the country via Air Hongkong flight LD456 at around 8:30 p.m. at the Ninoy Aquino International Airport (NAIA) Terminal 3 in Pasay City. The delivery is the biggest shipment of Pfizer vaccine so far to the country.

NTF Against Covid-19 chief implementer and vaccine czar Carlito Galvez, Jr., who welcomed the vaccine arrival, said the vaccine would be distributed in areas with reported cases of the highly transmissible Delta variant. "Pfizer vaccines will be distributed to the surge areas especially to the highly urbanized centers including the NCR," he said in a press briefing.

## COVID-19 VACCINATION CENTERS OPEN 24 HOURS AS DELTA VARIANT THREAT GROWS

Vaccination centers across the Philippine capital Manila are trying to speed up inoculation rates, including by staying open 24 hours, to help combat a sharp rise in COVID-19 infections linked to the spread of the highly contagious Delta variant.

## MORE THAN 400,000 DOSES OF MODERNA VACCINE ARRIVE

A total of 469,200 doses of the Moderna COVID-19 vaccine arrived at the Ninoy Aquino International Airport (NAIA) Terminal 3 early this week. Of the total doses, 319,200 were procured by the national government, and 150,00 were procured by the private sector led by the International Container Terminal Services Inc. (ICTSI) foundation.

## 6 METRO MANILA LGUS HAVE FULLY VACCINATED HALF OF TARGET VS COVID-19

*San Juan, Marikina, Mandaluyong, Manila, Navotas, and Pateros fully vaccinate more than half of their target populations against COVID-19 - an important milestone as the metropolis races to contain the Delta variant.*

Metro Manila has beefed up efforts to accomplish the herculean task of administering 250,000 COVID-19 vaccine doses daily, in a bid to maximize the two-week enhanced community quarantine (ECQ) brought about by the threat of the COVID-19 Delta variant.

The mayors of the National Capital Region (NCR) aimed at raising the urban hub's vaccination coverage to 45% by the end of the hard lockdown on August 20, just 5% short of the government's so-called "population protection" target.

## PH AUTHORITIES GO AFTER COVID-19 'BOOSTER' SHOT RECIPIENTS

*The Quezon City government sues people who sought a third vaccine jab for violating a city ordinance that prohibits 'misrepresentation of vaccine status'*

The Quezon City (QC) government filed complaints against two fully vaccinated individuals who secured a third COVID-19 jab in the city's inoculation hubs, despite the national government still not having greenlit "booster" vaccinations. In a statement, City Attorney Orlando Paolo Casimiro said the unnamed individuals violated a [city ordinance](#) that prohibits "misrepresentation of vaccine status for purposes of fraud or deceit."

The first person was reportedly fully inoculated with the Sinovac vaccine in Mandaluyong in May, before registering through QC's vaccination program through a company masterlist. He was vaccinated with a Moderna COVID-19 vaccine in Quezon City earlier in August.

A second violator, meanwhile, bragged about receiving a third dose of the Pfizer COVID-19 vaccine, after earlier getting two doses in Quezon City, the LGU said. "It was not disclosed whether the third jab was administered at another vaccine center or the same one where the first two were dispensed," the city government said.
