PATA ANNUAL SUMMIT 2016

'Exploring the Secrets of the Blue Continent'

May 18-21
GUAM, USA

PATA Annual Summit 2016

PATA Annual Summit brings together an impressive cross-section of industry leaders and decision makers from across the Asia Pacific region for a one-day conference that always tackles head-on the key issues facing the travel and tourism industry and serves as an important global tourism forum for enhancing sustainable growth and quality of travel within the PATA region. PATA is most grateful to the Guam Visitors Bureau for kindly hosting PATA Annual Summit 2016.

The Annual Summit dovetails with the Association's AGM, Executive Board meetings and the PATA Youth Symposium. The Symposium is a half-day forum, staged at a local university, where students and young professionals engage with industry professionals during plenary talks and roundtable discussions on various topics relevant to the host destination.

Hosting the Symposium also raises awareness of the university and its involvement with PATA as a leading industry association. All delegates are invited to remain in Guam for FESTPAC, the 12th Festival of Pacific Arts that takes place throughout the island from May 22 to June 4. The post-tour programme will incorporate the opening ceremony and a broad mix of artistic and cultural shows representing the 27 Pacific island countries and territories. More details at: <http://www.guamfestpac2016.com/>

Guam is an unincorporated island territory of the United States in the western Pacific Ocean. It boasts wonderful sandy beaches, clear blue skies and amazing sunsets. Guam's tropical climate and safe, secure environment makes the island an ideal leisure destination. Guam is rich in heritage with many World War II historical sites, striking Spanish architecture and a wealth of Chamorro traditions that date back thousands of years and yet which remain alive today.
