LOCAL UPDATES & NEW DEVELOPMENTS
Governor Lou Leon Guerrero signed Executive Order 2020-12, which establishes Prurğåman Salåppe’ Ayudon I Taotao, a direct disaster aid program that will be paid for with the Coronavirus Relief Funds authorized under the CARES Act. This local program supplements and is in addition to the Economic Impact Payment and is not subject to local income taxation.

Individuals applying for this program will be given a one-time payment of $300 per eligible person not to exceed $1,200 per household. Factors that determine the household payment are as follows:

- Household size
- Gross monthly income equal to or below 165% of the federal poverty level
- Heads of household 18 years of age or older
- Residency on Guam for at least 6 months

Using existing public assistance data from DPHSS, Prurğåman Salåppe’ Ayudon I Taotao would immediately cover more than 18,000 households representing 55,000 people. First checks are anticipated to be cut on Friday, May 8, 2020.

Residents who are already recipients of public welfare benefits or have already applied do not need to submit an application for Prurğåman Salåppe’ Ayudon I Taotao. Those who may be eligible and are not currently receiving public assistance or who have not applied for public assistance may submit an application to DPHSS. Click here for more details.

Applications can be dropped off at Public Health Castle Mall, Suite 16, in Mangilao or emailed to publicassistance@dphss.guam.gov
Governor Leon Guerrero also signed Executive Order 2020-13 that would take four immediate steps in increasing transparency with the use of federal funds relative to COVID-19. Click here to read about those steps.

What is the CARES Act Budget?

- To assist the states and territories, the federal government has directed money in direct aid to Guam under the Coronavirus Aid, Relief, and Economic Securities (CARES) Act.
- As part of the CARES Act, Guam received $117,968,257.80 that must be used by Dec. 30.
- The budget for CARES Act funding was developed based on the United States Department of Treasury’s Guidance for State, Territorial, Local, and Tribal Governments that was issued on April 22, 2020.
- Guam’s budget was submitted to the Legislature and includes provisions for the Prugrāman Salâppe’ Ayudon I Taotao disaster relief.
GUAM’S REOPENING PLAN
GOVERNOR ANNOUNCES GUAM’S REOPENING PLAN & EXTENDS PUBLIC HEALTH EMERGENCY UNTIL MAY 30

The Leon Guerrero Administration announced its road to recovery plan, “Chålan Para Hinemlo” on April 30. The proposed phased approach to reopening Guam outlines criteria that need to be met before businesses and sectors can open.

Guam remains in Pandemic Condition of Readiness (PCOR) 1 as of May 8. Nonessential businesses will remain closed until PCOR 2 is declared, which is anticipated for Monday, May 11. Businesses are encouraged to understand the requirements and to begin preparing their operating guidelines in anticipation of PCOR 2. Tourism is slated to reopen in PCOR 3.

Further guidance from DPHSS was received on May 7. All Businesses and Non-Governmental Organizations will be operating on a limited basis and will be required to implement the measures outlined in DPHSS’ Minimum Pandemic Workplace Operational Requirement. Industry-specific operational guidelines/procedures/protocols must also be submitted via email to PCOR2Plans@dphss.guam.gov, which will be posted on the DPHSS website for the public’s view. For more information, call Division of Environmental Health at 300-9579 during regular business hours.

In addition to the above and based on the updated DPHSS guidelines issued on May 7, the following professional and other services not allowed to operate during PCOR 1 can reopen during PCOR 2:

- Financial planning
- Advertising and marketing services
- Information technology
- Consulting
- Photography
- Automotive detailing and cleaning
- Flower shops
- Food courts (no dining in)

Information continues to develop, such as occupancy rates. More businesses may be added to the PCOR 2 list in the coming weeks. GVB will be sharing more information as it becomes available.
# Responsibilities during Re-opening

(Use time during PCOR 1 to begin planning)

## Businesses/NGOs

- Face masks* and social distancing are required at all times, and special accommodations should be made for vulnerable individuals.
- Adjusted operating guidelines to be submitted by industry representatives to the DPHSS prior to business opening, based on USDOL & OSHA guidance on preparing workplaces for COVID-19 as well as industry best practices.
- Limited occupancy rate will be established.
- Certain public gatherings or congregations for specific purposes will continue to be prohibited.

## Government

- To lower the risk of spread of COVID-19, customer-focused and commerce-related services and activities must be adjusted to incorporate:
  1. Social distancing mandates
  2. Physical workspace modifications
  3. Training of employees on updated policies and protocols
  4. Other actions deemed necessary by each agency.

## Individuals

- Continue practicing good hygiene (i.e. wash your hands with soap and water or use hand sanitizer, avoid touching your face, sneeze or cough into a tissue or inside your elbow, disinfect frequently used items and surfaces as much as possible.
- People who are sick should stay home and/or contact and follow the advice of your medical provider.

* Continue to adhere U.S. Centers for Disease Control and Prevention guidance, particularly with respect to face coverings.

Guam Department of Labor (GDOL) sent a budget request of more than $924 million dollars to help those who have been impacted by COVID-19. On April 28, the supplemental budget request was sent to U.S. Department of Labor (USDOL) to implement the Pandemic Unemployment Assistance (PUA) program and the Federal Pandemic Unemployment Compensation (FPUC) program locally.

Currently the PUA agreement has been signed, but USDOL has not yet provided the FPUC agreement for Guam to sign. Listen to Dave Dell’Isola expand on these programs by listening to webinar’s replay.

Dave also answers questions from the industry and media that may be relevant to your situation.

As the department waits on the USDOL, GDOL is moving to stand up as much of the program as possible so when the payment is loaded, the department can get money out with minimal delays.
INDUSTRY UPDATES

MEMBERSHIP OUTREACH MOVEMENT (MOM) PROGRAM UPDATE

Employer Registration Module is now open

GVB has been working closely with the Guam Department of Labor (GDOL), the Guam Visitors Bureau (GVB), the Guam Hotel & Restaurant Association (GHRA) and the Guam Chamber of Commerce (GCOC) to reach out to the island’s businesses and their memberships to assist businesses impacted by COVID-19.

This initiative, called the Membership Outreach Movement or MOM program, is being currently led by our Director of Tourism Research Nico Fujikawa and his research team. So far, 487 businesses and employers have been contacted via phone or email by team members of our membership organizations so they can be assisted in two key phases implemented by GDOL. DOL has recently announced that the Employer Registration Module is now available.

Our collective goal is to continue reaching out to businesses daily so we can help all 610 registered members from GVB, GHRA and Guam Chamber who may have been impacted by COVID-19.
GVB INDUSTRY UPDATES
GVB has identified strategic steps to help rebuild tourism during the long road to recovery. This plan includes the following:

- Digital & social media communications strategy
- Development of recovery plans by GVB marketing teams
  - Target major markets - Japan, South Korea, and Taiwan
  - Rebuild capacity in all areas of the industry (airlines, hotels, optional tours, transportation, etc.)
- Maintain contact with traditional and online travel agents (ongoing)
- Tourism industry collaborations
- Strong call to action when Guam is ready
GVB’s *Give Us A Moment (#GUAM)* has launched in the source markets to share Guam’s Håfa Adai spirit and ask our visitors to give us a moment while we take care of our people and properly prepare for a safe reopening.

The video was shared extensively through WhatsApp and was posted on the island’s English and international social pages – Facebook, Instagram, Naver, Kakao, and Line. GVB estimates that the video was viewed more than 10,500 times on the English pages alone in the two weeks since it launched. A [library of virtual experiences](#) also went live to provide viewers with curated ways to experience Guam moments in the safety of their homes.
GVB PRESIDENT & CEO PILAR LAGUAÑA TO RETIRE AFTER 40 YEARS OF SERVICE

The Guam Visitors Bureau (GVB) has announced that President & CEO Pilar Laguaña will retire after serving 40 years in the tourism industry. Pilar’s last day will be on May 30, 2020.

As a seasoned tourism marketing executive, Pilar began her career at the Bureau in 1977. She advanced through many roles, including serving as GVB’s Deputy General Manager in 1982 and the Director of Global Marketing since 1987. Laguaña became President and CEO of GVB in February 2019. During her time at the Bureau, Guam reached its best fiscal year in tourism history with over 1.63 million visitors in Fiscal Year 2019 and invested more than 30 years of Micronesia regional tourism marketing, business development, government relations, international advertising and public relations, and global brand development & management.

Pilar drove the opening of the Korea market in the early 1980s and grew international markets including Japan, Taiwan, North America, Canada, Hong Kong, Philippines, Micronesia, Russia, Australia, Europe, China, Southeast Asia, and Malaysia. She has also led efforts for niche and lucrative market segments to diversify Guam’s tourist markets.

GVB Board Chairman P. Sonny Ada said, “It has been a pleasure to work with Pilar during her tenure at GVB. Pilar is a well-respected tourism professional in our region and has been instrumental in the successful growth of Guam’s number one industry. On behalf of the Board of Directors I thank her for her commitment, high standards, and work ethic, which will be very much missed. We wish her all the best.”

“I have devoted most of my life passionately sharing and promoting the love that I have for our beautiful island with the world. I am truly grateful for this experience and wish great success to you all. I have confidence our industry will recover with the very capable team that will carry tourism forward.”

-Pilar Laguaña

JAPAN
The Japanese government has officially decided to extend the declaration of emergency until May 31st for all 47 prefectures.

13 prefectures with high case counts have been designated as “Specific Alert Prefectures“: Tokyo, Osaka, Hokkaido, Saitama, Chiba, Kanagawa, Hyogo, Fukuoka, Ibaraki, Ishikawa, Gifu, Aichi, and Kyoto.

The government will ease the conditions for the remaining 34 prefectures to allow group gatherings and reopen movie theaters, department stores, and cram schools.

Health minister Kato Katsunobu says Japan aims to approve remdesivir, the antiviral drug that may be used to treat coronavirus, in about one week after receiving an application from the pharmaceutical company.

Masayoshi Son, chairman and president of SoftBank Group (SBG), decided that it would provide all employees and their families with an opportunity to have a coronavirus test. The order for 2 million test kits has been completed.

For the Ministry of Land, Infrastructure, Transport and Tourism, a budget of 43.2 billion JPY was approved to execute “recovery of public-private economic activities as a next step” and “establishment of stronger economic structure”.

KOREA
THE ECONOMY:

- South Korea’s Finance Minister Hong, Nam-Ki announced 1.5 trillion won in subsidies for 930,000 employees and temporary workers who lost their jobs during the pandemic. South Korea is planning launched a Korean version of the “New Deal” project to boost its economy.

- Consumer sentiment on spending is growing as the COVID-19 situation is stabilizing in Korea. During Golden Week (April 30 - May 5) sales from 3 major department stores has gone up 20%. According to experts, money that have been saved up for overseas trip are spent on luxury items instead.

FLIGHTS:

- On May 6th, Korean Air announced it will restart flights from Incheon to some U.S. states and Canada on June 1st.

- Asiana Air reopened its Incheon - San Francisco route on May 1st.

- On May 6th, Turkish Air announced it will resume international flight operations in June.
GVB Korea didn’t observed the inflow of COVID-19 related keywords on May 1st week. On the other hand, the inflow of Guam trip-related keywords has increased.

Korean consumers seem to be gradually getting Guam-related information from GVB Korea’s blog during the COVID-19 crisis and preparation for their trip to Guam after the crisis ends.

TAIWAN
TAIWAN – COVID-19 SITUATION

IMPACT ON TRAVEL TOURISM INDUSTRY:

📅 Airlines and travel agencies are encouraging employees to take annual leave, including China Airlines, Lion Travel, Best Tour, Life Tour, SET Tour, etc.

✈️ In Taiwan, there will be no limit on the amount of loans to the airlines, but each loan will be reviewed before it is granted. The companies eligible to apply for the fund include China Airlines, EVA Air, Mandarin Airlines, Uni Air, Tigerair Taiwan, and StarLux Airlines.

NT Taiwan’s Ministry of Transportation and Communications (MoTC) has asked the central government for an NT$10 billion (US$331 million) budget to keep businesses in the hospitality industry afloat. MoTC plans to give subsidies to 140,000 hospitality workers who may be forced to take unpaid leave. The project will also supply NT$100,000 (US$3,300) in monthly relief funds to travel agencies and NT$200,000 to tourist hotels for three months.
