# DESTINATION UPDATES

# #InstaGuam PHOTO AND VIDEO CONTEST

The Guam Visitors Bureau (GVB) brought back its weekly #InstaGuam photo and video contest. The contest was part of GVB's popular #InstaGuam theme that promoted Guam as an instant destination from its major source markets while encouraging local residents and visitors to create their own story-driven content through the power of social media. The #InstaGuam hashtag has also grown to over 210K posts over the past three years since the original campaign launched in 2018.

GVB is encouraging everyone to share and submit their best photos or videos for a chance to win weekly prizes, which include a Silver Guam Seal Wave Pendant & Tungsten Engraved Håfa Adai Guam Seal Ring, Silver Traditional Guam Seal Pendant with Bamboo Border & Tungsten Engraved Håfa Adai Guam Seal Ring, Joinus Restaurant Kayaki gift certificates, Footlocker gift cards, a PHR social membership card, an O Bag Purse, and cash prizes.

For more on the #InstaGuam weekly contest, go to [visitguam.com/instaguam](https://visitguam.com/instaguam).

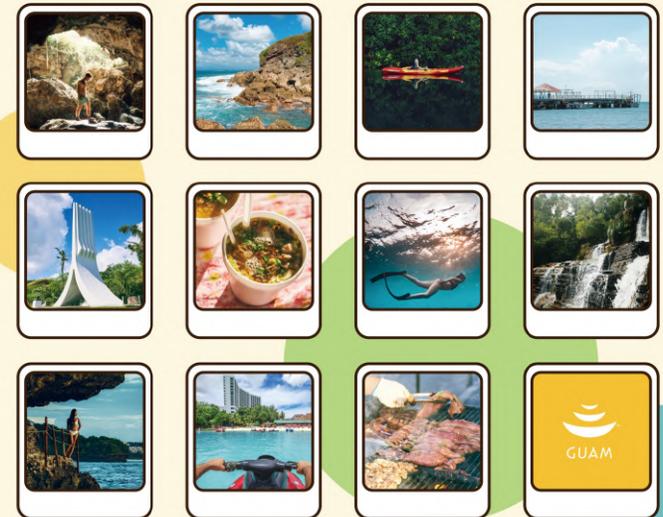

GVB also thanks the following sponsors for their donations and support:

- Vince Jewelers
- Rakuten Travel Guam
- UOG Endowment Foundation
- Micronesia Mall
- DKSH Guam, Inc. dba Time & Style by Caronel

## Weekly Prize Contest

What do you love most about Guam?

### WHAT IS GUAM SAFE CERTIFIED?

Guam Safe Certified is the official local designation, which identifies establishments that are in compliance and have care and pride in following government health and safety guidelines.

### WHAT IS THE WTTC SAFE TRAVELS STAMP?

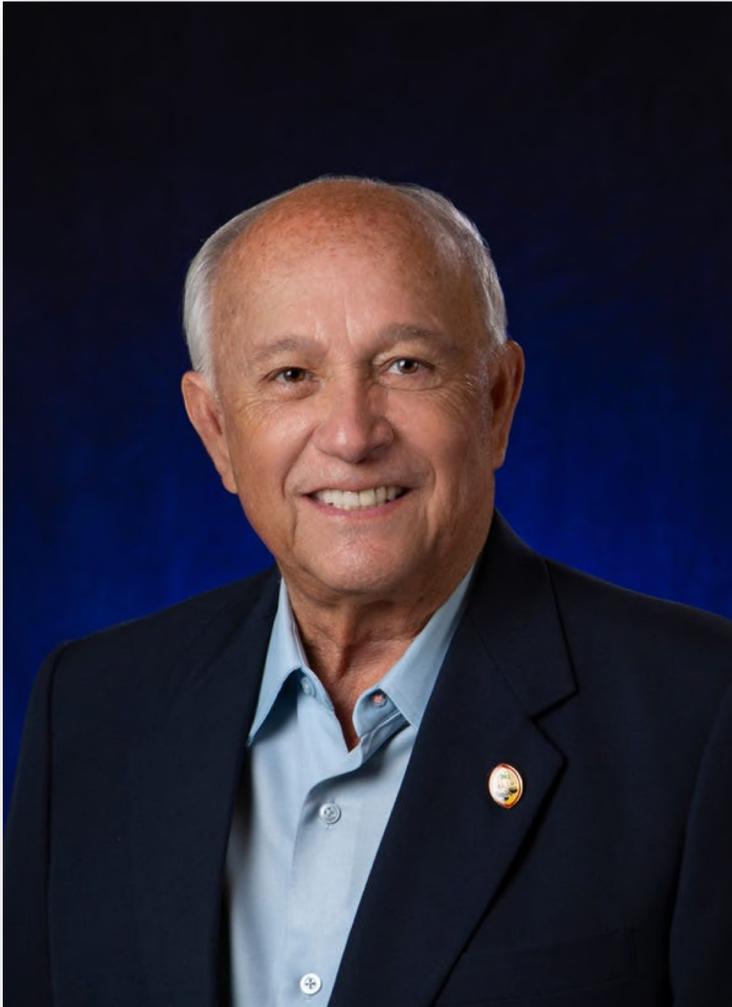

The World Travel & Tourism Council (WTTC) created the first ever global safety and hygiene stamp. This stamp enables travelers to recognize destinations around the world that have adopted standardized health and hygiene protocols.

*Guam Visitors Bureau (GVB) serves as the official organization to advocate for the implementation of these protocols in Guam and to issue the Guam Safe certification and Safe Travels stamp to local businesses.*

## Benefits

- Guam Safe Certified is a branding initiative that endorses your business' health and safety practices at the local level and encourages island pride!
- The Safe Travels initiative is globally recognized & instills a level of confidence in both the tourism trade and international visitors.
- Both initiatives help to rebuild trust among tourists and within the tourism sector.
- Logos can be used on websites, emails, and digital channels can generate business materials, videos, social media campaigns.
- **FREE** of charge to all eligible businesses.

## FROM OUR PRESIDENT & CEO, CARL T.C. GUTIERREZ

### JUMP-STARTING GUAM'S TOURISM INDUSTRY WITH HANBOKS AND HÅFA ADAI

Håfa adai! Annyeonghaseyo! Let me begin with wishing the Korean community a very blessed Chuseok celebration week.

Much like the vaccination success we have experienced in Guam, Korea is impressively approaching its vaccination goal of reaching herd immunity by November. With over 70% of Korea's total population having received its first dose and over 43% being fully immunized this month, we have every reason to be optimistic about an upswing in arrivals in the month's ahead.

A great many thanks to our airline partners for their continued support and commitment to Guam. This October we look forward to welcoming back Seoul and Jeju Air with weekly and twice weekly service to Guam. Air Busan also plans to resume service to Guam via Busan twice weekly, opening another gateway from Korea. Air Busan will join the existing fleets from Korean Airlines, Jin Air, and T'way, all of which steadily provided seat capacity during these tough economic times.

*In addition to GVB President & CEO, former Governor Carl T.C. Gutierrez is the permit czar and chairman of the Governor's Economic Strategy Council.*

*Send comments or questions to GVB at [communityrelations@visitguam.org](mailto:communityrelations@visitguam.org).*

AICHI  
7.5 MILLION POPULATION

FUKUOKA  
5.1 MILLION POPULATION

OSAKA  
8.8 MILLION POPULATION

**FULLY VACCINATED 56%**

## VACCINATION CERTIFICATE

### HIGHLIGHT

Japanese vaccination certificate has been approved by total 37 other countries and regions.

## DIGITAL VACCINE CERTIFICATE

- Total 37 other countries and regions approved.
- Digital vaccination certificates to be issued as early as this year.
- Introduction of a dedicated application.
- Retrieve the vaccination information from the QR Code.
- Enter a 4-digit PIN using your personal number card.
- QR code contains information such as name, vaccination history, and the vaccine brand.

## RELAXATION OF ENTRY RESTRICTIONS

### GOVERNMENT PLAN:

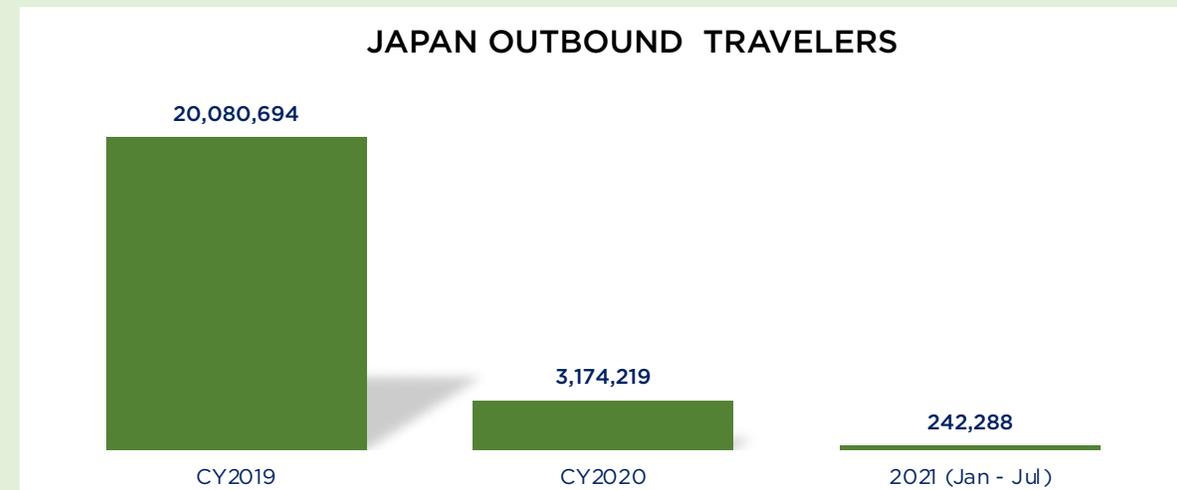

- Shorten the period of self-isolation upon arrival for vaccinated people from 14 to 10 days.
- Apply to people who have received two doses of a COVID-19 vaccine approved in Japan (Pfizer, Moderna and AstraZeneca).
- **Come to effect in October.**

### THE JAPAN BUSINESS FEDERATION'S REQUEST:

- Waive 14days-quarantine completely for fully vaccinated arrivals.
- Reduce self-quarantine period from 14days to 10day regardless of being vaccinated.

### JAPAN OUTBOUND TRAVELERS

## REVISION OF QUARANTINE POLICY ENTRY TO JAPAN

### HIGHLIGHTS

- Allow arrivals from 6 countries blacklisted over the spread of the highly contagious delta variant of the coronavirus.
- 6 countries : Afghanistan, Bangladesh, India, Maldives, Nepal and Sri Lanka
- **No longer valid for staying at government facilities for 6 or 10 days.**
- **Mandatory 3 days measure will be required only for 45 countries below.**

#### Other countries:

- Rest of countries and region including Japanese citizen and residence in Guam requires 14-day self-quarantine. (at present)

#### New measure for 45 countries.

- *Three days of waiting at the mandatory quarantine station.*
- *PCR test on the third day.*
- *Leave the station if negative.*

#### 45 countries:

Afghanistan, Argentina, Bangladesh, Belgium, Bolivia, Brazil, Britain, Chile, Colombia, Costa Rica, Cuba, Denmark, Dominica, Ecuador, Georgia, Greece, India, Indonesia, Kazakhstan, Kyrgyzstan, Libya, Malaysia, the Maldives, Mozambique, Myanmar, Nepal, Pakistan, Paraguay, Peru, the Philippines, Portugal, Russia (but only arrivals from Khabarovsk and Moscow), Seychelles, South Africa, Spain, Sri Lanka, Suriname, Tanzania, Trinidad and Tobago, Turkey, U.A.E., Uruguay, Uzbekistan, Venezuela and Zambia.

#### QUARANTINE MEASURES:

*Self-quarantine period upon arrival will reduce 14 to 10 days, which come to effective 10/1. (Apply for both Japanese and Guam people)*

## BOOSTER VACCINE SHOT

- Government decided to give booster shots in Japan
- Healthcare workers by year-end
- Seniors citizen (+65) in early new year
- Already secured enough doses to enable them to receive booster shots
- The antibodies provided by first and second shots decline over time
- Called on local governments to begin preparations for smooth delivery of third doses

JAPAN GOV  
THE GOVERNMENT OF JAPAN

#### UNCLEAR ISSUES:

Vaccine type for the third shots.  
The merits of mixing vaccines to maximize immunity. Who will be prioritized after medical personnel and older people have received their third.

#### OTHER COUNTRIES:

- Britain, Germany and France: started in September.
- US: CDC to approve shots for people aged 65 and over, medical workers, etc.

*Taro Kono, Minister in charge of vaccines*

Let's review the attractions of Guam again.”

< Talk Theme >

Guam, only three and a half hours away from Japan, is the perfect overseas destination for an after-corona trip. Whether it's your first time to Guam or it's been a while, let's reiterate the convenience and appeal of Guam from a woman's perspective and make it a destination you want to visit next. We hope to raise awareness of Guam as the next destination to visit.

## TOPICS: TIKTOK

- TikTok's follower transition is strong.
- The number of followers is increasing by about 1,200 in a week and as of Oct 1, GVB has 5,000 followers.
- Compared to last week, the number of male followers has increased, which may be due to the fact that I posted a creative with a girl.

- The Tourism Authority of Thailand and GVB are the only tourism bureaus in Japan that officially operate TikTok.
- GVB's account in particular has attracted a lot of attention as a new account in the industry, with the number of followers, likes, and contents in the first month and a half since it was released.

## KOREA COVID-19 STATUS

## COVID-19 STATUS - SEPT 14-27, 2021

Confirmed COVID-19

CASES: 308,725

10.9% active (33,527)

AS OF SEPT 30, 2021

## HIGHLIGHTS

- Chuseok outbreak worries became a reality as the number of newly-confirmed COVID-19 cases reached a record high of 3,000s Saturday after millions were on the move during the three-day holiday earlier in the week.
- Health authorities have warned of a further hike in cases, as around 1 million citizens were awaiting their coronavirus test results following the mass migration during the Chuseok holiday.

### VACCINATION STATUS

#### 1<sup>ST</sup> DOSES ADMINISTERED

**38,091,9536**  
*(74.2% of total population  
 86.3% of 18 & older)*

#### FULLY IMMUNIZED

## WEEKLY ISSUE

### S. KOREA EXTENDS PANDEMIC-DRIVEN ADVISORY AGAINST OVERSEAS TRAVEL UNTIL OCT. 13

- South Korea extended its special advisory against overseas travel for another month amid the continued spread of the new coronavirus.
- The measure, which calls for citizens to cancel or postpone trips abroad, will remain in effect until Oct. 13.

### GETTING SECOND VACCINE DOSES BECOMES EASIER IN KOREA

- To boost the fully-vaccinated rate, Korea has decided to allow people to book their second shots with leftover Covid-19 vaccines from Sept. 17.
- Before the modification of this policy, leftover vaccines had not been available to those who already had their first shot, as the second shot was automatically booked at the same medical facility as the first shot.

### S. KOREA'S DAILY VIRUS CASES TOP 3,000 FOR FIRST TIME AFTER CHUSEOK HOLIDAY

- South Korea's daily coronavirus cases exceeded 3,000 for the first time as people returned home from the Chuseok holiday on Sept. 25.
- The country reported an all-time high number of daily cases for the second consecutive day, of which the Seoul metropolitan area accounted for 77 percent of the total infections.

## S. KOREA MODIFIES ITS VACCINATION SYSTEM AND SCHEDULE

- To boost the fully-vaccinated rate, Korea is allowing people to book their second shots with leftover Covid-19 vaccines starting on Sept. 17.
- With the leftover vaccines, people who received the Pfizer vaccine can now book a second shot three weeks after their first, four weeks for Moderna and four to 12 weeks for AstraZeneca.

### BEFORE

Able to book only first shots with the leftover vaccine

Can choose from medical care facilities that updated its leftover vaccine situation

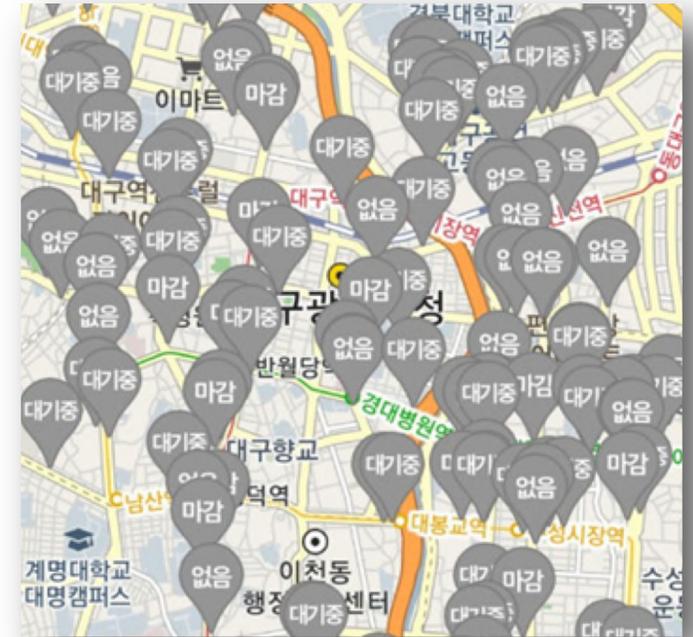

Able to get second shot only in the medical facilities that provided the first shot

### AFTER

Able to book first/second shots with the leftover vaccine

Can choose from medical care facilities that updated its leftover vaccine situation

Able to get second shot in every medical facilities that have leftover vaccines

# KOREA MARKET INTELLIGENCE

## ASIANA AIRLINES TO OPEN ICN-GUM REGULAR ROUTE, PREPARING FOR “WITH COVID-19”

- Asiana Airlines will re-launch the ICN-GUM regular route for the first time in 18 years, which was withdrawn in 2003 due to decrease in profitability.
- Asiana Airlines recently received approval from the Ministry of Land, Infrastructure and Transport for the ICN-GUM regular route and is expected to open its regular flights late December.

## VIETNAM PLANS TO OPEN PHU QUOC FOR VACCINATED FOREIGN TOURISTS

- Vietnam plans to reopen Phu Quoc to foreign tourists from October as the country looks at ways to revive its economy.
- Vietnam would fully vaccinate all residents on Phu Quoc before opening, adding the island had sufficient COVID-19 quarantine and treatment facilities.

### TARGET

Fully immunized tourists from Europe, U.S., Northeast Asia Australia and the Middle East

### DOCUMENT

Certificate of vaccination (vaccine approved by Vietnam), negative PCR result within 72 hours before departure

### PROTOCOL

Medical declaration via Vietnam Safe Travel or the Healthy Vietnam apps upon arrival

### ESTIMATION

3,000 to 5,000 international visitors per month expected to visit by charter flights

# TAIWAN

## ANOTHER BATCH OF JAPAN-DONATED COVID-19 VACCINES ARRIVES IN TAIWAN

- A total of 500,000 doses of the AstraZeneca (AZ) COVID-19 vaccine from Japan arrived in Taiwan on Saturday, the fifth such donation made by Tokyo to Taipei so far.
- The Japan Airlines JL809 flight carrying the vaccines from Tokyo touched down at Taoyuan International Airport at 1:16 p.m.

- According to Taiwan's Central Epidemic Command Center (CECC), a portion of the donated vaccines will expire on Nov. 26 and the rest will expire on Nov. 30.

## TAIWAN TO RELAX LEVEL 2 RESTRICTIONS AFTER 1ST-DOSE VACCINATION RATE REACHES 60%

- The head of Taiwan's CECC said the country will relax its Level 2 epidemic control restrictions once the first-dose vaccination rate reaches 60%.
- Premier Su Tseng-chang on Wednesday (Sept. 22) told the Legislative Yuan the percentage of people who have received at least one dose of the vaccine will reach 60% at the beginning of October and 70% by the end of that month. Su said that by October's end, the second-dose vaccination rate should be close to 30%.

- Health Minister and CECC head Chen Shih-chung said that once 60% of the population has had at least one dose of a COVID-19 vaccine, the center would begin to lower epidemic control measures. However, he emphasized the center would still need to look at implementing a "new epidemic prevention lifestyle" and that three factors will need to be considered before loosening restrictions.
- Also Friday, Taoyuan Mayor Cheng Wen-tsan said that if the first-dose vaccination rate reaches 70% by the end of October, he will ask the CECC to lower the epidemic alert from Level 2 to Level 1. Chen said that once the coverage rate reaches 60%, some of the industries that have been shuttered can resume operations.

## SLOVAKIA-DONATED COVID-19 VACCINES ARRIVE IN TAIWAN

- The 160,000 doses of the AstraZeneca (AZ) COVID-19 vaccine from Slovakia arrived in Taiwan on Sunday, and will be used in a planned rollout as second vaccination doses for people who have already received a first shot.
- In mid-July, the European Union announced that Slovakia had pledged to donate a total of 10,000 doses of vaccines to Taiwan.
- However, on Friday, Slovakia's Ministry of Economy revealed that the nation was able to provide another 150,000 doses, thanks to concerted efforts within the Slovakian government.

Taiwan's COVID-19 vaccine/vaccination statistics					
Suppliers	Doses ordered	Doses received	Percentage	Note	
AstraZeneca	10 million	4,367,000	43.67%	Latest delivery: 640,000 (Sept. 17)	
COVAX	4.76 million	1,020,000	21.43%	AstraZeneca (April 4, May 19, Sept. 5)	
Moderna	5.05 million	2,580,000	51.09%	Latest delivery: 1.08 million (Sept. 17)	
	36 million	0	-	* 1 million to be delivered from Q4 * The rest in 2022 and 2023	
Pfizer-BioNTech	15 million	1,843,000	12.29%	Latest delivery: 910,000 (Sept. 9)	
Medigen	5 million	1,130,000	22.60%		
United Biomedical	5 million	0	-		
Donated by Japan	-	3,904,000	-	AstraZeneca (June 4, July 8 & 15, Sept. 7 & 25)

Donated by Lithuania	-	20,000	-	AstraZeneca (July 31)	
Donated by the Czech Republic	-	30,000	-	Moderna (Aug. 29)	
Donated by Poland	-	400,000	-	AstraZeneca (Sept. 5)	
Donated by Slovakia	-	160,000	-	AstraZeneca (Sept. 26)	
<b>Total</b>	<b>80.81 million</b>	<b>17,954,000</b>			

Brand	Doses received	Rollout date	Brand	Doses received	Rollout date
AstraZeneca	9,871,000	March 22	Moderna	4,030,000	June 9
Pfizer-BioNTech	1,843,000	Sept. 22	Medigen	1,130,000	Aug. 23

- Slovakian company Fibrochem also contributed a batch of surgical coveralls that arrived in the same shipment with the vaccines.

- On September 23, the CECC pointed out that the list of key high-risk countries, after adjustment, includes India, the UK, Israel, Indonesia, and Myanmar. Travelers with history of travel to the five countries shall stay in group quarantine facilities for the 14-day quarantine and cooperate with the required testing measure during the quarantine period.
- The latest list of the risk categories for countries/regions is as follows:
  - Level 1 (Watch): None
  - Level 2 (Alert): Palau
  - Level 3 (Warning): the rest of the countries/regions in the world except for Palau
- CECC restarts entry program for overseas students on a case-by-case basis as pandemic continues to subside in Taiwan.

## TAIWAN'S FIRST-DOSE COVID-19 VACCINATION RATE EXCEEDS 50%

- Over 50 percent of people in Taiwan have received the first dose of a COVID-19 vaccine, six months after the rollout began on March 22, the CECC said Thursday.
- As of 10 a.m. on Thursday, just over 11.76 million people in Taiwan had gotten their first vaccine shot, which is 50.16 percent of Taiwan's population of 23.45 million, according to data from the CECC and the Department of Household Registration.
- But only around 1.82 million people, or 7.7 percent of the population, have received the two doses needed to be fully vaccinated.
- Taiwan began its COVID-19 vaccine rollout on March 22, though take-up was low in the beginning. At the time, Taiwan had reported fewer than 1,100 COVID-19 cases, most of which were imported, and there had been no widespread community transmission of the disease.

## TAIWAN EASES QUARANTINE RULES FOR VISITORS FROM PERU, BANGLADESH AND BRAZIL

- Visitors arriving in Taiwan from Peru, Bangladesh, and Brazil will no longer be required to quarantine at a government center from Sept. 25, and can instead choose to quarantine at hotels, CECC said Thursday.
- The change is because the three countries will no longer be listed as "key high-risk countries," as their COVID-19 case numbers have continued to fall, the CECC said.
- Also, no travelers from the three nations to Taiwan have been confirmed to be infected with variants of the coronavirus in the past two months, the CECC said.
- The revised classification will allow travelers from the three countries more choice in where they carry out the mandatory 14-day quarantine, though they will now be required to pay for their accommodation.
- Currently, Taiwan requires travelers who have been to or transited through "key high-risk countries" in the last 14 days before entering Taiwan to quarantine at a government-designated facility. They can stay at the facility for free.
- Countries included on the "key high-risk countries" list are India, the United Kingdom, Israel, Indonesia and Myanmar.

## RESTRICTION TO CITIZENS/ NON-CITIZENS ENTERING TAIWAN

**Restrictions of Entering Taiwan-1/3-Taiwan Nationals, Foreign Nationals** (starting July 27, 2021 Taipei Time)

Traveler Type	History of Travel	Eligible to Enter Taiwan?	Requirement upon Arrival
R.O.C. (Taiwan) National	Departure from any international port	Yes	1. a COVID-19 RT-PCR negative test report issued within 3 working days of their incoming flight's scheduled departure time 2. strengthened quarantine measures *note1, 2

Traveler Type	Credential • ARC means R.O.C. (Taiwan) Resident Certificate	Eligible to Enter Taiwan?	Requirement
Foreign National	Holder of ARC (Resident visa not included)	Yes	1. a COVID-19 RT-PCR negative test report issued within 3 working days of their incoming flight's scheduled departure time 2. strengthened quarantine measures *note1, 2
	Non-ARC holder	Yes	Who obtains entry permission for emergency or humanitarian reason.
	All others	No	

**Note:** 1. All travelers are required to undergo 14-day quarantine after arrival. All travelers are required to arrange their location of quarantine prior to arrival and follow other regulations and instructions by Taiwan Centers of Disease Control.  
 2. Starting 00:00 on July 18 (time of arrival in Taiwan), arriving travelers from Brazil, India, the UK, Peru, Israel, Indonesia, Bangladesh and Myanmar (including those who have visited or transited in those countries in the past 14 days) will be required to quarantine in group quarantine facilities for 14 days and undergo PCR tests for COVID-19 upon checking in at group quarantine facilities and at the end of their quarantine period.  
 3. Beginning 00:00 am, May 19 (departure time at the airport of departure), non- R.O.C. nationals without a valid ARC will be temporarily barred from entry. Transit via Taiwan will be temporarily suspended.  
 4. Personnel on diplomatic/official business, migrant workers, students, should follow instructions by Ministry of Foreign Affairs, Ministry of Labor, and Ministry of Education.

Travelers should use their mobile phone to log in the Quarantine System for Entry and to fill out the health declaration form prior to their departure. (<https://hdhq.mohw.gov.tw/>) Show confirmation message to quarantine staff. The confirmation message is required for entering Taiwan.

## VACCINATIONS FOR MINORS AGED 12-17 TO START WITH THOSE WITH COMORBIDITIES

The Department of Health (DOH) recently said that COVID-19 vaccinations among minors aged 12 to 17 will begin with children who have underlying medical conditions.

Minors belonging to this group will be considered as part of the government's A3 category or persons with comorbidities, while others will become eligible to get vaccinated "once adequate coverage of the A2 priority group or senior citizens has been achieved nationwide and vaccine supply becomes sufficient to include children."

In Malacañang's regular Laging Handa briefing, DOH Undersecretary Myrna Cabotaje said that the rollout of vaccines to minors with comorbidities may start as early as October 15 and could begin with a pilot run in Metro Manila.

## PH RECOVERIES HIT 2,365,229

The country's overall tally of coronavirus disease 2019 (Covid-19) patients who have beaten the disease have reached 2,365,229 as 12,236 new recoveries were recorded as of Wednesday.

The Department of Health (DOH) said the figure is equivalent to a 93.3-percent recovery rate from a total of 2,535,732 infections since the start of the pandemic last year.

## U.S. PROVIDES 2.58 MILLION MORE PFIZER-BIONTECH VACCINES TO THE PHILIPPINES

The United States partnered with the COVID-19 Vaccines Global Access (COVAX) facility to deliver an additional 2,582,190 doses of the Pfizer-BioNTech COVID-19 vaccine to the Philippines as part of its worldwide effort to help end COVID-19.

The vaccines, delivered in separate shipments on September 19 and 20, were part of the 500 million doses of Pfizer the United States is making available for distribution through COVAX, a global initiative to support equitable access to COVID-19 vaccines.

Newly arrived U.S. Embassy in the Philippines Chargé d’Affaires Heather Variava joined Philippine government officials and other stakeholders at the Ninoy Aquino International Airport to welcome the arrival of 2,020,590 doses on September 19 and 561,600 doses on September 20.

As the largest donor to the COVAX facility, the United States has facilitated the delivery of more than 16 million vaccine doses to the Philippines via COVAX, including more than 9 million doses donated by the American people.

## PH COVID-19 RISK CLASSIFICATION DOWNGRADED TO MODERATE

The country’s risk classification for Covid-19 is down to moderate on Monday as the two-week growth rate of infections nationwide has gone negative. The average daily reported cases nationwide for the week Sept. 20 to 26 decreased to 17,783 from 19,949 the previous week.

“We’re at negative 4 percent in the recent one to two weeks, much lower than the 27 percent we reported the week prior,” Department of Health Epidemiology Bureau Director Dr. Alethea de Guzman said during a televised Palace briefing.

Bed utilization for Covid-19 patients remained at moderate risk at under 68 percent while intensive care unit utilization (ICU) rate is high risk at under 76 percent. Three regions logged negative two-week growth rates – National Capital Region (NCR) -13 percent; Calabarzon, -18 percent; and Region 3 (Central Luzon), - 13 percent. NCR’s bed utilization rate is lower at 63 percent as against the 68 percent reported a few days ago. ICU utilization rate remains a high-risk 76 percent, slightly lower than the 78 percent a few weeks ago.
