**One Tests Positive for COVID-19 by Department of Defense;  
Profiles of Earlier Confirmed Cases; DPHSS School Pilot Program;  
Expanded COVID-19 Testing Continues**

One new case of COVID-19 was reported to the Department of Public Health and Social Services (DPHSS) on June 8, 2020. The case was identified through screening done at Andersen AFB and was asymptomatic at the time of testing.

COVID-19 test results are reported from multiple labs at varying times of the day. Cumulative test results will be provided this evening once all tests from today are finalized.

To date, there have been **180** cases confirmed through COVID-19 testing provided with **5** deaths, **163** released from isolation, and **12** active cases. As this is an evolving situation, information is subject to change with little to no notice. For updated information on COVID-19 cases on Guam, visit the COVID-19 Dashboard and Situation Report at <http://dphss.guam.gov/covid-19/>.

**DPHSS School Pilot Program**

Under Executive Order 2020-20, DPHSS may permit the opening of smaller schools for the purpose of testing a pilot program designed to inform the development of procedures and guidelines for the opening of additional schools throughout the island. DPHSS will adopt guidelines for the pilot program, which will include input from the Guam State Surgeon Cell of the Guam National Guard and the Governor's Physicians Advisory Group. Outside of this pilot

program, public and private schools on Guam serving prekindergarten through 12th grade students will remain closed for educational purposes through the end of the public health emergency.

The Japanese School of Guam has been designated as the school for the pilot program. Their guidelines can be found here:
