Probable cases	0	N/A	4
TOTAL CONFIRMED COVID-19 CASES AS OF 9:25 PM, SUNDAY, APRIL 26, 2020			141

¹Beginning March 26, 2020

²Beginning March 31, 2020

³Beginning April 15, 2020

⁴Beginning April 23, 2020

The Department of Public Health and Social Services (DPHSS) tested 37 individuals for COVID-19 on Sunday, April 26, 2020 with conclusive results. Zero tested positive through DPHSS and 37 tested negative for SARS-CoV-2. The results include the remaining samples from the COVID-19 Pilot Project testing site in Astumbo, Dededo.

The DPHSS overall count also includes probable cases of COVID-19 and confirmed positive cases tested by the Naval Health Research Center (NHRC) in San Diego, the U.S. Naval Hospital (USNH) Guam, the Guam Memorial Hospital Authority (GMHA), the Guam National Guard (GUNG), and Diagnostic Laboratory Services.

To date, 141 cases have been confirmed through COVID-19 testing provided, with 5 deaths and 128 released from isolation. When a patient is released from isolation, her or she is no longer considered infectious. According to the U.S. Centers for Disease Control and Prevention (CDC) research and published guidelines, a patient is released from isolation after at least 72 hours have passed without a fever or additional respiratory issues and at least seven days have passed since symptoms first appeared. All remaining cases are in isolation.

For inquiries on COVID-19, contact 311 through a local number, or call the Joint Information Center at (671) 478-0208/09/10.
