NEWS & DEVELOPMENTS

GUAM MOVES TO PANDEMIC CONDITION OF READINESS 3 (PCOR3) ON JULY 20

On July 17, Gov. Lou Leon Guerrero declared that Guam will be moving to Pandemic Condition of Readiness 3 on July 20.

WHAT THIS MEANS AS OF THE TIME:

- All businesses will be allowed to operate, with exception of senior citizen centers and organized sports leagues and events.
- Businesses must submit an opening plan to DPHSS prior to opening.
- The social gathering limit will be increased to 50 people, and this limit will be applicable to outdoor gatherings as well.
- K-12 schools are authorized to submit a reopening plan to DPHSS.
- Quarantine testing and requirements will be based on risk and not residency, effective after midnight on July 24. (see next page)
- The public health emergency has been extended to August 29th.

The reopening of Guam will be slow, gradual, and very deliberate. ... I am confident in the measured approach and direction that our island is heading. Remember, our goal is not to simply move from one PCOR to another. It is to reopen our economy in a way that protects both lives and livelihoods."

- Gov. Lou Leon Guerrero during her July 17 press conference

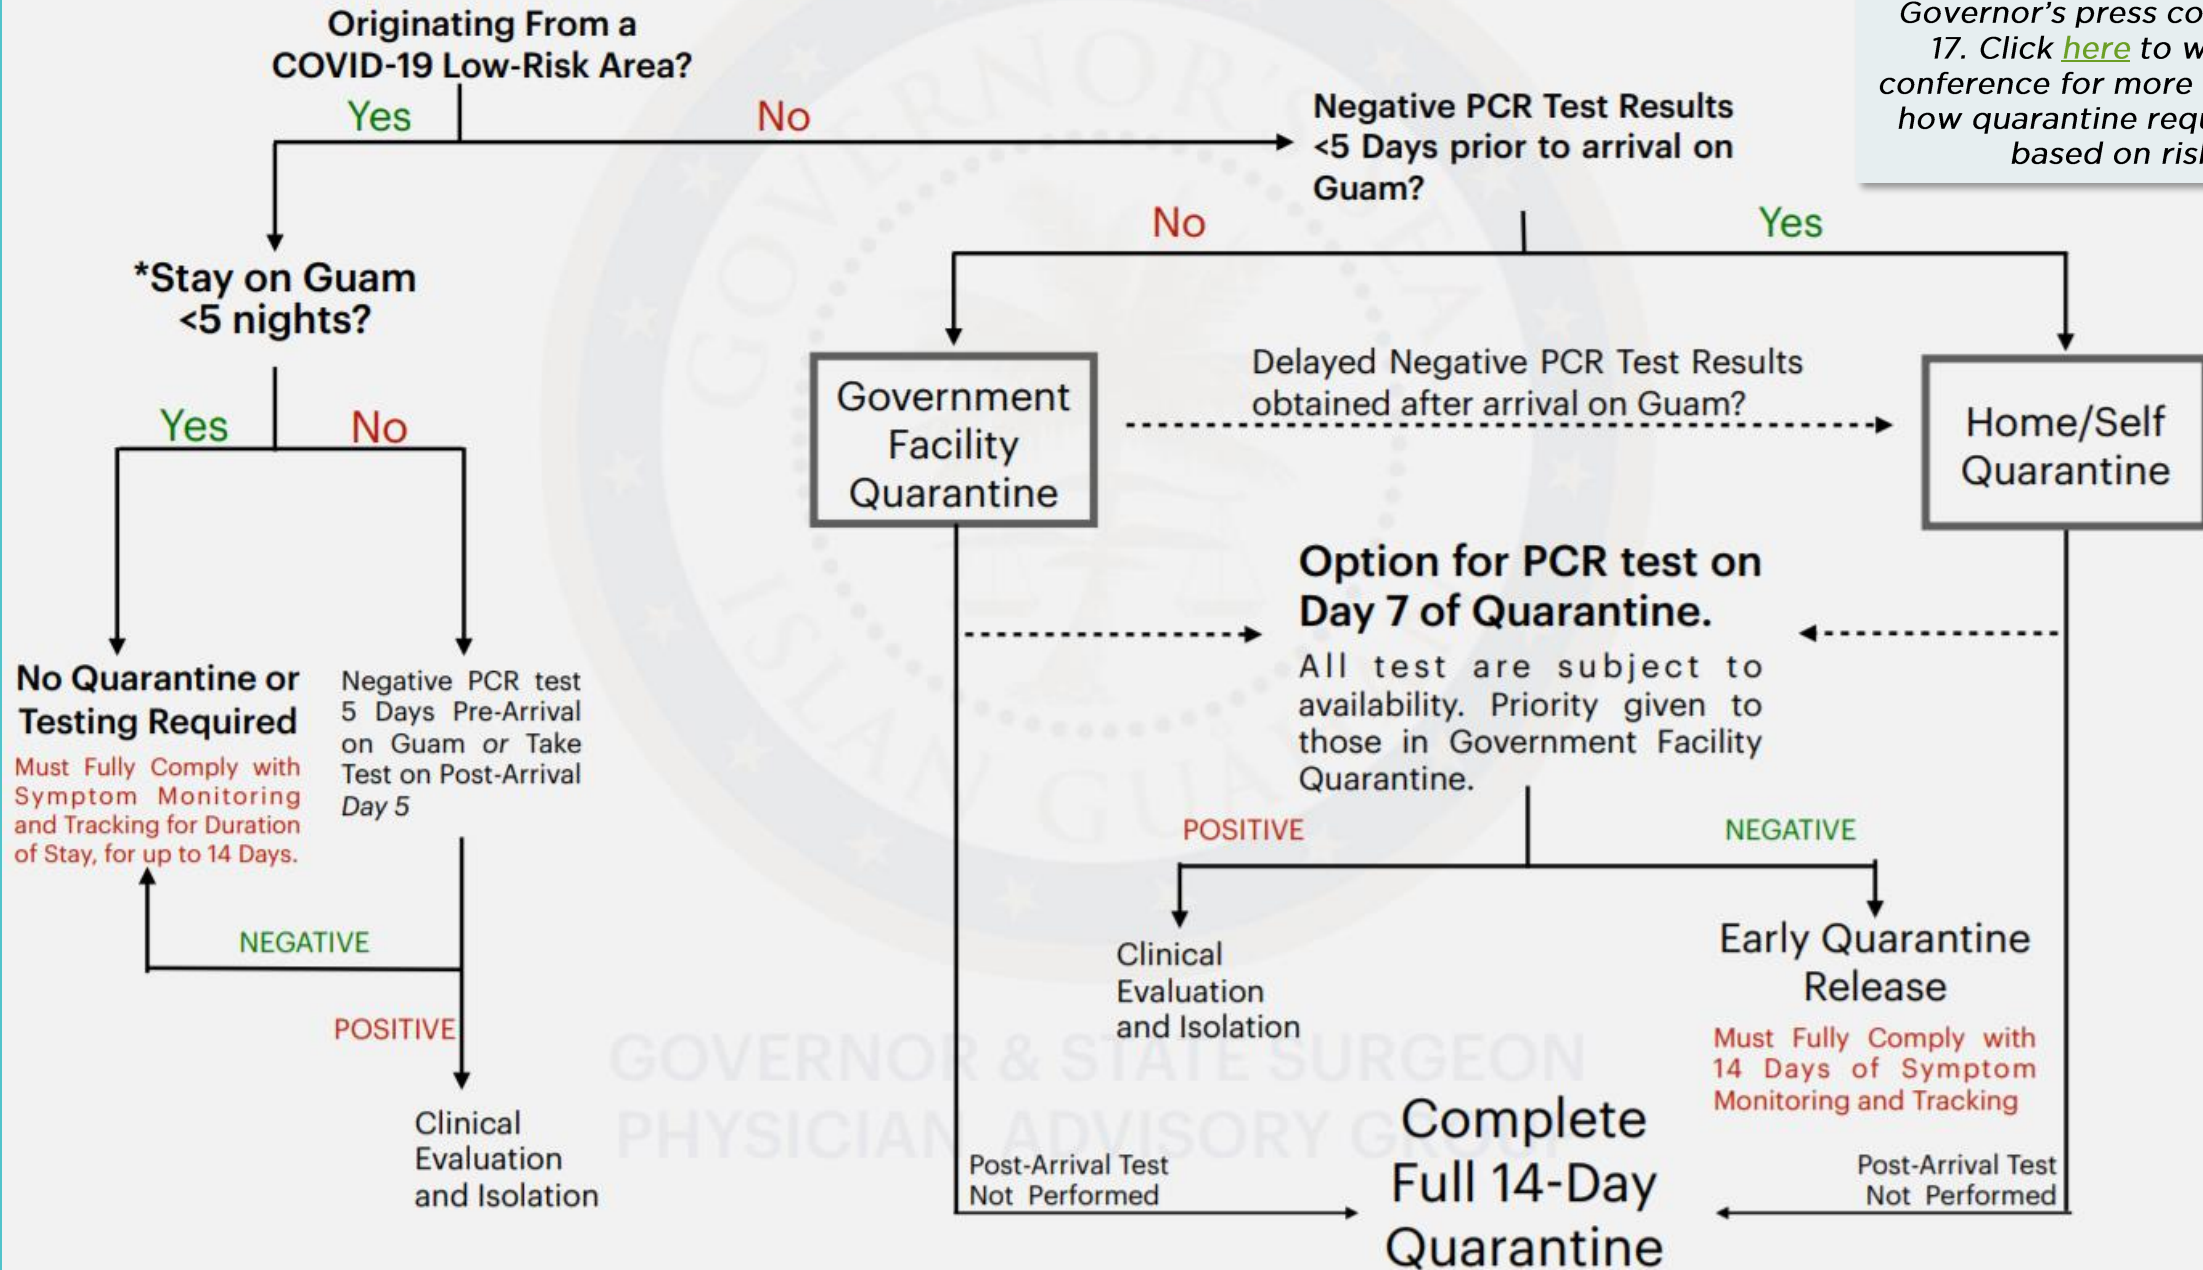

Guam Visitors Bureau Vice President Dr. Gerry Perez released the following statement after the Governor's announcement of PCOR 3:

"With more residents feeling comfortable patronizing local businesses and restaurants today, the Guam Visitors Bureau is encouraged by Governor Lou Leon Guerrero's decision to move into Pandemic Condition of Readiness 3 on July 20, 2020. The safety measures that businesses, hotels, and restaurants have implemented continue to uphold Guam's social distancing guidelines and protocols. Our community understands the importance of supporting these measures for the benefit of us all. We are energized to continue working with the Governor, Lt. Governor, our legislators, and our industry stakeholders to keep everyone's safety as our top priority as we begin the hard process to rebuild our economy."

GDOL TO RELEASE \$54 MILLION IN PUA PAYMENTS

Claimants who opted for paper checks when applying for Pandemic Unemployment Assistance can expect to receive checks in their mailboxes by next week. This includes those whose electronic payments were declined due to incorrect account information.

The Guam Department of Labor today requested a draw down for its fifth and largest batch of unemployment funds — \$54 million. This will pay out cleared claims through June 24th, including electronic transfers as well as paper checks. Of the \$54 million, \$35.8 million will go toward direct deposit claims, \$14.5 million will go to paper check claims since the start of the program, and \$4.5 million will go toward taxes. This brings the total amount of PUA payments to \$195.5 million with a total of \$16 million going to taxes.

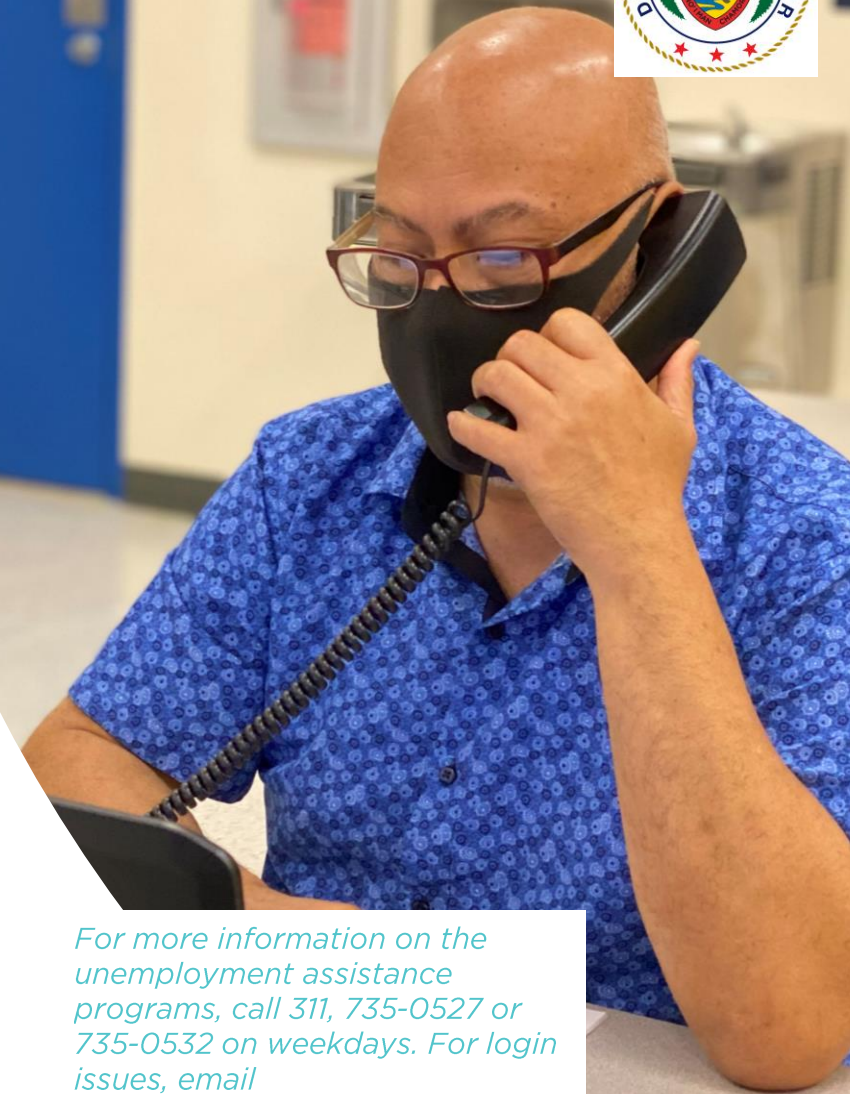

According to the Department of Administration, banks should expect to start to receive funds by direct deposit on Monday. People can expect checks to be mailed out on

Wednesday, as Tuesday is a holiday. To date DOL and DOA have manually processed close to 700 checks.

“The Department of Labor appreciates DOA working with us to get payments out. I also have to thank the dedication and hard work of my staff. I feel the payment process is moving smoothly now, and batches for electronic and paper check payments should process weekly,” said Labor Director David Dell’Isola.

“Labor also continues to be aggressive toward helping claimants that have issues with their applications. This week we corrected more than 1,000 claims with problems. \$195 million is a lot of money to pump into the economy and help our people during this pandemic and their time of need,” Dell’Isola added.

The processing center and libraries are still open for in-person help with applications. Please call to make an appointment. The phone numbers are: 988-3672, 788-0729, and 689-1872.

For more information on the unemployment assistance programs, call 311, 735-0527 or 735-0532 on weekdays. For login issues, email webadmin@dol.guam.gov. For claim or weekly certification issues, email pua.hotline@dol.guam.gov.
